(Once you have read the statement below, click the radio button beside it.)

Please note that the information you enter in your report is only saved when clicking on the "Save and Next" button at the bottom of the page. Using the browser navigation buttons or the "Continue Later" button at the bottom of the page will not save the information entered on the page. If after clicking "Save and Next" you see a "Page has errors" message in red, near the top of the page, it means that at least one field is missing information. In such an instance, the empty field will have the words "Answer is incomplete" underneath it, in red.

This report includes mandatory reporting on 1) the CRCP institutional equity, diversity and inclusion action plan (IEDIAP) and 2) the $50,000 EDI Stipend.

Your institution must submit the report by the deadline date indicated by the program, and must cover the reporting period identified by the program.

Institutions are required to post the most up to date version of their EDI action plan on their public accountability web pages.

Each year, institutions must also publicly post a copy of this report to their public accountability web pages within 7 working days after the deadline for submitting the report to TIPS. TIPS will review the report each year; in addition, the annual report(s) will be provided to the external EDI Review Committee, when it is convened every few years, to evaluate the progress made in bolstering EDI at the respective institution and to provide context for future iterations of the EDI action plan.

All sections of the form are mandatory (unless otherwise noted).

Does your institution have an EDI Action Plan for the CRCP?
No

PART A: EDI Action Plan - Reporting on Key Objectives Analyses, Systemic Barriers, Objectives and Indicators

In developing their action plans, institutions were required to conduct: 1) an employment systems review; 2) a comparative review; and 3) an environmental scan (see program requirements here). These assessments were required in order to identify the specific systemic barriers and/or challenges that are faced by underrepresented groups (e.g., women, persons with disabilities, Indigenous peoples and racialized minorities at the respective institution; institutions were then required to develop key S.M.A.R.T. (specific, measurable, aligned with the wanted outcome, realistic and timely) objectives and actions to address them.

Indicate what your institution’s key EDI objectives are (up to six) as outlined in the most recent version of your action plan (either the one approved by TIPS or the one current under review by TIPS), as well as the systemic barriers/challenges identified that these objectives must address. Please note that objectives should be S.M.A.R.T. and include a measurement strategy. List the corresponding actions and indicators (as indicated in your institutional EDI action plan) for each objective, and outline: a) what progress has been made during the reporting period; b) what actions were undertaken; c) the data gathered; and d) indicators used to assess the outcomes and impacts of the actions. Please note that indicators can be both quantitative and qualitative and should be specific. Outline next steps and use the contextual information box to provide any additional information (e.g., course correction, obstacles, lessons learned, etc.) for each objective.

Key Objective 1

If the answer to the previous question was ‘yes’, indicate how much of the funding was spent on this key objective and specifically what the funds were spent on.

Key Objective 2

If the answer to the previous question was ‘yes’, indicate how much of the funding was spent on this key objective and specifically what the funds were spent on.

Key Objective 3

If the answer to the previous question was ‘yes’, indicate how much of the funding was spent on this key objective and specifically what the funds were spent on.

Key Objective 4

If the answer to the previous question was ‘yes’, indicate how much of the funding was spent on this key objective and specifically what the funds were spent on.

Key Objective 5

If the answer to the previous question was ‘yes’, indicate how much of the funding was spent on this key objective and specifically what the funds were spent on.

Key Objective 6

If the answer to the previous question was ‘yes’, indicate how much of the funding was spent on this key objective and specifically what the funds were spent on.

Reporting on EDI Stipend objectives not accounted for in Part A

Instructions:
- Institutions with EDI Action Plans, use this section to report on EDI Stipend objectives that are not accounted for in Section A.
- Institutions without EDI Action Plans, use this section to report on EDI Stipend objectives.

Objectives associated with your institution’s EDI Stipend application

Table C1. Provide information on the objectives associated with your institution’s EDI Stipend application, including the funding and timelines, for the reporting period.

EDI Stipend Objective 1

Indicate the S.M.A.R.T. (specific, measurable, aligned with the wanted outcome, realistic and timely) objective(s) towards which this funding has been directed:

Develop an EDI implementation plan with stakeholders; prepare communications plan; perform an enterprise system review and make recommendations to ensure secure data and consistent reporting.

Indicator(s): Describe indicators, as presented in the EDI Stipend application, and how they are calculated.

- Robust reporting system; progress against targets; annual report to community; successful delivery of communications campaigns; reduction in incidents of respectful workplace infractions; greater diversity on campus. Data on target areas and greater willingness of the university community to participate in EDI initiatives.

Progress: Describe results observed, including indicator results, outcomes, impacts. Include timelines (start and end dates).

Broad consultations with stakeholders (January – April 2021): 18 workshops, moved from gaps and benefits analysis to priority list to draft EDI Action Plan. EDI Targeted Action Plan (implementation plan) in draft, launched to community August 28, 2021. EDI Communications Plan in development (targeted comms successfully delivered on schedule in Winter 2021). Review of enterprise system to secure data of census. Planned census of students, staff and faculty in October 2021.

Outline the total expenditures below:

Table C2. EDI Stipend Impact Rating

Please rate the extent of the impact the EDI Stipend has had on your institution in meeting this objective as identified in your application, for the reporting period:

Extensive impact (the EDI Stipend had an extensive impact on achieving progress)

Provide a high level summary of how the stipend was used:

The stipend was used to contract an EDI consultant who led consultations through gaps and benefits analysis through draft EDI targeted action plan. The stipend was used to contract a communications expert who has been responsible to EDI integration in government. The stipend was used to facilitate community dialogue with external experts, like Dr. Stephanie Hawley, to interrogate the benefits of acting to remove barriers.

Do you have other objectives to add?

No

**Part D: Engagement with individuals from underrepresented groups**

Outline how the institution has engaged with underrepresented groups: e.g. racialized minorities, Indigenous peoples, persons with disabilities, women, LGBTQ2+ individuals, during the implementation of the action plan (during the reporting period), including how they have been involved in identifying and implementing any course corrections/adjustments, if applicable. For example, how was feedback gathered on whether the measures being implemented are resulting in a more inclusive research environment for chairholders of underrepresented groups? How has intersectionality been considered in developing and implementing the plan (if applicable)? Have new gaps been identified? How will members of underrepresented groups continue to be engaged? (limit: 10 200 characters)

During gaps and benefits analysis phase of planning, we held workshops dedicated to individuals who self-identify as members of underrepresented groups. There was an open call and anyone who self-identified was invited. Intersectionality has been a key feature of our conversations, as we are doing accessibility work simultaneously. NSCAD has taken the approach that we want to design an organization that is universally accessible and move away from accommodations. This has meant that everyone in the organization will see themselves identified in the EDI targeted action plan, as we will all need to contribute to the change in culture, process, programs and systems.

**PART E:  Efforts to Address Systemic Barriers More Broadly within the Institution**

Briefly outline other EDI initiatives underway at the institution (that are broader than those tied to the CRCP) that are expected to address systemic barriers and foster an equitable, diverse and inclusive research environment. For example, are there projects underway that underscore the importance of EDI to research excellence? Is there additional training being offered to the faculty at large? Are there initiatives to improve the campus climate? Please provide hyperlinks where possible. Note that collecting this information from institutions is a requirement of the 2019 Addendum to the 2006 Canadian Human Rights Settlement Agreement and provides context for the work the institution is doing in addressing barriers for the CRCP. (limit: 4080 characters)

We are at an initial stage (greatly expedited by the stipend). We are working on a campus climate survey as part of EDI targeted action plan, but we have not launched it yet. We have deployed the CRC best practices in hiring to all faculty hires, and are moving to use the same protocols in all staffing appointments. We are moving to a cluster hire in the Fall and are performing a curriculum review (which includes research expertise) at this time.
